

You get a jsp compilation error when trying to access the Agent Re-skilling Web Tool login page after enabling it on an Administration & Data Server for the first time.

Problem Summary	Instead of the Web Re-skilling login page, you get a jsp compilation error.
Error Message	N/A
Possible Cause	You may not have restarted the Apache Tomcat service as instructed by the Administration & Data Server wizard.
Recommended Action	Restart the Apache Tomcat service.
Release	Release 8.0(1)
Associated CDETS #	N/A
