

## **Built in Grammar minlength and maxlength with Default or Cisco Media Group for DTMF inputs**

<b>Problem Summary</b>	Dtmf input not working with Cisco Media i.e Default Dialog group.
<b>Error Message</b>	
<b>Possible Cause</b>	only one of minlength or maxlength is used
<b>Recommended Action</b>	use digits?length=x or digits?minlength=x;maxlength=y : both minlength and maxlength should be used together
<b>Release</b>	Release 8.0(1)
