

Introduction

This page lists all troubleshooting tips applicable to CTI OS, Release 8.0. The initial list contains the tips listed in the [CTI OS Troubleshooting Guide for Cisco Unified ICM/Contact Center Enterprise & Hosted, Release 8.0](#).

If you encounter the following scenarios, feel free to add to our initial list:

- You find a new, valid tip and would like to share it with other Unified Expert Advisor users.
- You discover an easier solution/process/workaround to an existing issue.

If you want to **ask a question, post a comment, or discuss an issue** regarding a specific article:

1. Log in
2. Navigate to the article in question
3. Click the **Discussion** tab at the top of the page
4. Edit the Discussion page as described above under Editing
5. To start a different thread under a new subheading on the Discussion page, click the + tab at the top of the page instead of the Edit tab.
