

**Checking if the current node is a VOS publisher**

<b>Problem Summary</b>	How to check if the current node is a VOS publisher?
<b>Error Message</b>	NA
<b>Possible Cause</b>	NA
<b>Recommended Action</b>	Use the UCCX CLI command 'utils service list'. Look for 'Primary Node =true' at the end of the command's output. On publisher node the value is true, and on subscriber it is false.
<b>Release</b>	Release 8.0(1)
<b>Associated CDETS #</b>	NA
