

Checking if the current node is a VOS publisher

Problem Summary	How to check if the current node is a VOS publisher?
Error Message	NA
Possible Cause	NA
Recommended Action	Use the UCCX CLI command 'utils service list'. Look for 'Primary Node =true' at the end of the command's output. On publisher node the value is true, and on subscriber it is false.
Release	Release 8.0(1)
Associated CDETS #	NA
