

AAS - Installation Problems - Error installing Java Runtime library

Problem Summary	None
Error Message	Error installing Java Runtime Library. Install it manually.
Possible Cause	Setup.exe automatically installs the Java Runtime Library, if it is not already installed on your machine. If this error message displays, then the JRE cannot be installed by Installshield.
Recommended Action	If this error message displays, then the JRE cannot be installed by Installshield. Install the JRE manually by running C:\icm\bin\aaas\jre\j2re-1_4_2_03-windows-i586-p.exe, where "C:\icm" might be a different drive depending on where ICM was installed.
Release	Release 7.5(1) and 8.0
Associated CDETS #	None.
