

**Cisco SNMP Agent Management: Traps not sent to some hosts**

<b>Problem Summary</b>	Traps not sent to some destinations of a community.
<b>Error Message</b>	None, but traps are not sent
<b>Possible Cause</b>	The community does not have the host address configured in the SNMP Community configuration section.
<b>Recommended Action</b>	Add the trap destination host address to the community, configured in the SNMP community configuration
<b>Release</b>	Release 7.5(1) and 8.0
<b>Associated CDETS #</b>	CSCtj09249
