

Cisco_Unified_MeetingPlace,_Release_6.x_--_Obtaining_Software_Upgrades

Cisco Unified MeetingPlace, Release 6.x

Access the latest software upgrades for all versions of Cisco Unified MeetingPlace Audio Server and Cisco Unified MeetingPlace MeetingTime on the Cisco Software Center website at <http://www.cisco.com/kobayashi/sw-center/sw-voice.shtml>.

To access the software download page, you must be logged on to Cisco.com as a registered user.

An alternate link is this: <http://www.cisco.com/public/sw-center/sw-voice.shtml>.

Note: Do not install any software on a Cisco MCS unless Cisco states that it is supported.
