**Up one level:** [Integration](#)

If you configure Cisco Unity Connection for calendar integration with Cisco Unified MeetingPlace, Cisco Unity Connection users can do the following by phone:

- Join a meeting that is in progress.
- Hear a list of the participants for a meeting.
- Send a message to the meeting organizer.
- Send a message to the meeting participants.
- Set up reservationless meetings.

To integrate Cisco Unified MeetingPlace with Cisco Unity Connection, see the documentation in [Table: Documentation for Integrating Cisco Unified MeetingPlace with Cisco Unity Connection](#).
