

Main page: [Cisco Unified MeetingPlace, Release 7.0](#)

Up one level: [Reference Information](#)

To find this page, click **User Configuration > Video Terminal Profiles**. By default, this page displays video terminal profiles (VTPs) sorted by VTP name in ascending order.

Table: Navigation Reference: Video Terminal Profiles Page

To	Do This
Sort by VTP name or endpoint E.164 number.	Click the column heading. Restriction: The system sorts entries as text strings. For example, if you sort by number, the system lists 10 as a lower number than 2.
Change the sort order to ascending or descending	Click the column heading to display an arrow. Click the arrow to toggle between a down arrow (ascending sort) and an up arrow (descending sort). Restriction: The system sorts entries as text strings. For example, if you sort by number, the system lists 10 as a lower number than 2.
Display a shorter or longer list of entries in one view	At the bottom of the page, in the Rows per page field, select the number of user profiles to display.
Display a different page	At the bottom of the page, perform one of the following actions: <ul style="list-style-type: none"> • In the Go field, enter the page number to display, and click Go. • Click the arrows to page through the list.
Search by VTP name	Click the VTP Name radio button, enter the first characters of the name, and click Search .
Search by E.164 number	Click the Endpoint E.164 number radio button, enter digits, and click Search .
Edit an existing VTP	Click Edit in the same row as the VTP.
Create a new VTP	Click Add New .
Delete one or more VTP	Check the appropriate check boxes in the far left column, then click Delete Selected .
