

Main page: [Cisco Unified MeetingPlace, Release 7.1](#)

Navigation: [Integration](#) > [Integrating with IBM Lotus Sametime Web Conference](#)

Procedure

1. Stop the IBM Lotus Sametime server.
2. Select **Start > Control Panel > Add or Remove Programs**.
3. Find Cisco Unified MeetingPlace for IBM Lotus Sametime Web Conference installer in the list.
4. Click **Change/Remove** to remove it.
5. Restart the IBM Lotus Sametime server service if you want to use it without Cisco Unified MeetingPlace.
