## Field Reference: In-Session Monitoring

Field	Description
<b>Meetings In Session</b>	
Meeting ID	Meeting ID, which uniquely identifies the meeting.
Subject	Subject of the meeting.
Scheduler	User ID of the person who scheduled the meeting.
<b>Participants for meeting &lt;Meeting ID&gt;</b>	
Name	Names of all current participants.
Voice	Specifies if the participant is participating in the voice meeting.
Web	Specifies if the participant is participating in the web meeting.
Video	Specifies if the participant is participating in the video meeting.

## Display Options for the In-Session Monitoring Page

By default, the right side of this page displays the participants of the meeting at the top of the list.

To display the participants of a different meeting, click the underlined ID of that meeting.
