If you configure Cisco Unity Connection for calendar integration with Cisco Unified MeetingPlace, then Cisco Unity Connection users can do these activities by phone:

- Join a meeting that is in progress.
- Hear a list of the participants for a meeting.
- Send a message to the meeting organizer.
- Send a message to the meeting participants.
- Set up reservationless meetings.

## Restriction for Integrating Cisco Unified MeetingPlace with Cisco Unity Connection

If you change the Alias field in a Cisco Unity Connection user account, then the user will not be able to join Cisco WebEx web meetings.

For workaround information, see [User Cannot Schedule or Join Cisco WebEx Web Meetings-Cisco Unity Connection Integration](#) in the [Troubleshooting Cisco Unified MeetingPlace Integration with Cisco WebEx](#) module.
