Create a PDF of the Cisco Unified MeetingPlace Alarm and Exception Code References

The list of topics in the text box below are predefined according to the structure of traditional Cisco Unified MeetingPlace books. If this list does not meet your requirements, edit the list of topics that you want to include in your customized PDF.

1. Group together your preferred list of topics in the text box below.
2. Select "**landscape**". (If you select "portrait", some table content may be cut off in the PDF.)
3. Click **Create PDF** to generate the PDF.fwfqfdf
