

Welcome to Cisco Unified Presence Documentation Wiki!

This Wiki is an interactive, community-driven knowledge portal for the Cisco Unified Presence product. Use this Wiki to get help with your Cisco Unified Presence deployments, share the latest troubleshooting information with others, or post comments for discussion. Editing is quick and easy - anyone can do it!

What's New:

- [Configuring the Federation Proxy on Cisco Adaptive Security Appliance using the Unified Communication Wizard](#)
- [Sample Configuration Workflow for Deploying Cisco Unified Presence with Cisco Unified Personal Communicator](#)
