XML Schema Download

Resource URI	/schema	
Resource Description	XML schema documents for the CUE PI service data model	
Operation	MIME	Returns
Get (Download XML schema)	Accept: application/octet-stream	Compressed (gzip) tar file containing set of XSD files

Example: Download the schema and save it in file named "schema.tar.gz" in the current directory. (For downloads, do not use CURL with -i option as it adds the HTTP headers to the output).

```
$ curl -o ./schema.tar.gz -X GET -H 'Authorization: Basic Y2lzY286Y2lzY28=' -H 'Accept: application/octet-stream'
http://172.27.104.144/rest/schema
% Total    % Received % Xferd  Average Speed   Time    Time       Time  Current
           Dload    Upload  Total      Spent    Left     Speed
 100  6731    0  6731    0    0  171k      0  --:--:--  --:--:--  --:--:--  3986k
```

Schema files can be extracted from the compressed files using tar command on Linux/Unix based platforms. (Use WinZip or 7-Zip on Windows platforms).

```
tar xvfz ./schema.tar.gz
rest_schema/schema10.xsd
rest_schema/schema11.xsd
rest_schema/schema12.xsd
rest_schema/schema13.xsd
rest_schema/schema14.xsd
...
...
```
