

## Columns displaced in Excel spreadsheet when exporting a report

<b>Problem Summary</b>	When exporting an Agent Summary Report (by agent) to a Microsoft Excel spreadsheet, the Avg and Max statistics column headings are displaced.
<b>Error Message</b>	None.
<b>Possible Cause</b>	Information can be displaced if the extended Excel format is not used.
<b>Recommended Action</b>	Use the Microsoft Excel 7. (XLS) Extended format in the Export dialog box while exporting the report to Excel. This will pop up a second dialog box. Use the default settings.
<b>Release</b>	Release 7.0(1)
<b>Associated CDETS #</b>	None.
