

Copyright Icon Displayed Incorrectly in the Unified CCX Help Pages

Problem Summary	Copyright Icon is Displayed Incorrectly in Unified CCX Help Pages while using Internet Explorer or Mozilla FireFox
Error Message	None
Recommended Action	<ol style="list-style-type: none"> 1. Right-click on any Unified CCX help page in Internet Explorer or Mozilla FireFox. 2. In Encoding, <i>Unicode (UTF-8)</i> option is selected by default. 3. Select <i>Western European (Windows)</i> or <i>Western European (ISO)</i> instead of Unicode (UTF-8). Now, the Copyright Icon will appear properly in the browser.
Release	Release 8.0(1)
