

Back to Troubleshooting Main Page: [Troubleshooting: Known Issues](#)

Getting Started..

Here you'll find Known Issues that relate to Cisco Unified Presence installation and upgrade. Simply click on the next available (empty) Known Issue template (called Known Issue Template X) and follow the guidelines that we give you at the top of the template!

- [Known Issue: How to pull a core file off a CUPS box](#)
- [Known Issue Template 1: Install and Upgrade](#)
- [Known Issue Template 2: Install and Upgrade](#)
- [Known Issue Template 3: Install and Upgrade](#)
