

**DB Config Objects not shown in CET**

|                           |  |
|---------------------------|--|
| <b>Problem Summary</b>    | DB Config Objects not shown in CET.  |
| <b>Error Message</b>      | None.  |
| <b>Possible Cause</b>     | Check for DB service state on UCCX server. DB service may be stopped.  |
| <b>Recommended Action</b> | For accessing DB config objects, DB service must be running on UCCX server. Restart DB service and then run CET again. |
| <b>Release</b>            | Release 8.0(1)   |
| <b>Associated CDETS #</b> | None   |
