

**Desktop: Queue statistics were not updated**

<b>Problem Summary</b>	The statistics for a queue were not updated on the supervisor's desktop.
<b>Error Message</b>	None.
<b>Possible Cause</b>	This problem can occur if the queue has the same peripheral number as a previously deleted queue.
<b>Recommended Action</b>	To ensure queue statistics get updated properly, when you create a queue, make sure you use a peripheral number that has not been used before.
