

DialingList Config Object not shown in CET

| | |
|---------------------------|---|
| Problem Summary | The DialingList Config Object is not available in the CET Tool. |
| Error Message | None. |
| Possible Cause | The DialingList config object is removed from the CET tool due to overloading issues, and hence, is not viewable from there. |
| Recommended Action | For accessing DialingList config object, please use any available SQL Client such as Squirrel SQL Client to query the DialingList contacts information. |
| Release | Release 8.5(1) |
