

Error: "Could not start print job" while Printing from HRC

## HRC Printing Unsuccessful

<b>Problem Summary</b>	While printing an HR report from the HRC client "could not start print job" error is thrown on the print spooler window. Seen on Win 7 and Win XP clients.
<b>Error Message</b>	Could not start print job.
<b>Possible Cause</b>	None.
<b>Recommended Action</b>	1. Add a network printer to another host in the same network. 2. Share this printer so it becomes accessible to other machines on the network. 3. Retry printing. Note: This newly added printer will not be managed by the print server.
<b>Release</b>	Release 8.0, Release 8.5
<b>Associated CDETS #</b>	CSCtn20575.
