

Golden Template: Import Process Fails

Problem Summary	The import process fails.
Error Message	N/A
Possible Cause	Multiple possible reasons.
Recommended Action	<ul style="list-style-type: none"> • Remove failed VMs from vCenter. (Use ?Delete from Disk.? If that does not work, use ?Remove from Inventory.?) <ul style="list-style-type: none"> ◆ Check Inventory > Hosts and Clusters. ◆ Check Inventory > VMs and Templates. ◆ You may have to do an: Inventory > Search. • Check the data stores for the VM Host to see if the templates/VMs are deleted from them to provide you with enough space. • The VMware Power CLI tool has stopped working. Restart the tool.
Release	10.0
Associated CDETS #	None.
