

I don't see the Analysis Manager Drawer or Menu items

Problem Summary	After logging into Real Time Monitoring Tool, I do not see the Analysis Manager drawer or menu items
Error Message	None.
Possible Cause	Real Time Monitoring Tool was installed against Unified CCX. For working with Analysis Manager tool, you must use RTMT installed against Unified CM
Recommended Action	Reinstall RTMT against CUCM.
Release	Release 8.0(1)
Associated CDETS #	None
