

Back to Troubleshooting Main Page: [Troubleshooting: Known Issues](#)

Getting Started..

Here you'll find Known Issues that relate to Cisco Unified Presence availability and IM features. Simply click on the next available (empty) Known Issue template (called Known Issue Template X) and follow the guidelines that we give you at the top of the template!

- [Known Issues: A single PC/MAC in the environment has issues with CUPC](#)
- [Known Issue Template 2: Third-Party Client Integrations](#)
- [Known Issue Template 3: Third-Party Client Integrations](#)
