

Licensing: Error Code in Event Viewer: -2

Problem Summary	Event viewer displays error code(-2) indicating that license file syntax is invalid.
Error Message	Not applicable.
Possible Cause	The system cannot apply the license because license file syntax is invalid.
Recommended Action	1) Feature name is >MAX_FEATURE_LEN, or daemon name is >MAX_DAEMON_LEN, or server name is >MAX_SERVER_NAME, or a feature specifies no hostid and # of licenses is <= 0. 2) Verify that license file has not been altered/modified or has an extra carriage return at the end.
Releases	Release 7.5(x)
