

**Migration: Value list values are blank**

<b>Problem Summary</b>	After performing the migration, the migrated value list values are blank.
<b>Error Message</b>	None
<b>Possible Cause</b>	The value list or the query is incorrect.
<b>Recommended Action</b>	If the value list values are blank, try editing the value list and validating the query. If value list query is valid, check the data source and ensure that the query can execute fine on the corresponding data source.
<b>Release</b>	Release 8.0(x)
<b>Associated CDETS #</b>	None
