

**Not able to fetch grammar and prompt files through CRTP**

<b>Problem Summary</b>	Not able to fetch grammar and prompt files through CRTP
<b>Error Message</b>	fetch error message
<b>Possible Cause</b>	wrong crtp url
<b>Recommended Action</b>	use proper crtp url. crtp:<repository>[/<languages>]/<path>[?<params>][#<ref>] For example: if the file "TestGrammar.grxml" exists in the User grammar repository under a folder named myApp, the CRTP URI would be as follows: crtp:/grammar/myApp/TestGrammar.grxml for en_Us locale: crtp:/grammars/lang,en_US/TextGrammar.grxml similarly for prompts crtp:/Prompts/lang,en_US/TestPrompt.wav
