

Not able to fetch grammar and prompt files through CRTP

Problem Summary	Not able to fetch grammar and prompt files through CRTP
Error Message	fetch error message
Possible Cause	wrong crtp url
Recommended Action	use proper crtp url. crtp:<repository>/<languages>/<path>[?<params>][#<ref>] For example: if the file "TestGrammar.grxml" exists in the User grammar repository under a folder named myApp, the CRTP URI would be as follows: crtp:/grammar/myApp/TestGrammar.grxml for en_Us locale: crtp:/grammars/lang,en_US/TextGrammar.grxml similarly for prompts crtp:/Prompts/lang,en_US/TestPrompt.wav
