## Outbound\_Option\_-\_Call\_Progress\_Analysis\_Problems:\_Fax\_Detection\_Problems

## **Fax Detection Problems**

Problem Summary	The Dialer is not detecting a fax machine.
Error Message	N/A
Possible Cause	It is possible that the gateway that the call is being made on is starting fax negotiation with the end fax machine.
<b>Recommended Action</b>	Disable all fax negotiation on the dial-peer that the call is going out on.
Release	Release 7.5(1) and 8.0
Associated CDETS #	None.
