

"Maximum integer value exceeded" Campaign Error

Problem Summary	A campaign generates an error similar to the following
Error Message	17:55:01 Trace: The conversion of the varchar value '5081239001' overflowed an int column. Maximum integer value exceeded.
Possible Cause	A Rule Clause in the Query Rule attempts to compare a PhoneNumber, which the Import Rule has defined as a string, with an integer (for example, " Phone01 <> 1 ").
Recommended Action	Delete this rule clause and avoid creating similar rule clauses.
Release	Release 7.5(1) and 8.0
Associated CDETS #	None.
