

## "Maximum integer value exceeded" Campaign Error

<b>Problem Summary</b>	A campaign generates an error similar to the following
<b>Error Message</b>	17:55:01 Trace: The conversion of the varchar value '5081239001' overflowed an int column. Maximum integer value exceeded.
<b>Possible Cause</b>	A Rule Clause in the Query Rule attempts to compare a PhoneNumber, which the Import Rule has defined as a string, with an integer (for example, " Phone01 <> 1 ").
<b>Recommended Action</b>	Delete this rule clause and avoid creating similar rule clauses.
<b>Release</b>	Release 7.5(1) and 8.0
<b>Associated CDETS #</b>	None.
