

## Recover\_from\_Pressing\_Ctrl-Alt-Del\_During\_Power-On

Validate Network Adapter Settings and Power On initializes the customization process. Although you are prompted to press Ctrl-Alt-Delete after powering on, doing so prevents the customization from taking effect. DO NOT press Ctrl-Alt-Del. If you inadvertently press Ctrl-Alt-Del, you have the following option to restore the customization.

### Procedure

**Step 1** Get the GoldenTemplate\_VMDataSheet.xls from the C:\GoldenTemplateTool\Archive.

**Step 2** Copy and paste the GoldenTemplate\_VMDataSheet.xls to C:\GoldenTemplateTool.

**Step 3** In the GoldenTemplate\_VMDataSheet.xls select No in all the rows for the column CREATEVM except for those which needs to re-deploy.

**Step 4** Else, you can enter that data manually for the VM.
