

Report Definitions: Changing Display Name does not Change Display Name in the Report View

| | |
|---------------------------|--|
| Problem Summary | In a custom Report Definition, you change the Display Name for a report field in the Report Definition, but the name change does not appear in the Display Name column for the existing Report View based on that Report Definition. |
| Error Message | None. This is not an error. It is expected behavior. |
| Possible Cause | A pre-existing View cannot be modified in the Report Definition. |
| Recommended Action | <ul style="list-style-type: none"> • You can edit the Display Name directly, in the Grid Editor. • You can create a new view. |
| Release | Release 8.0(1) |
| Associated CDETS # | None |
