

Results not as expected for first name and last name in Chinese, Japanese, and Korean

Problem Summary	First name and last name information does not produce the expected results for Chinese, Japanese, and Korean.
Error Message	None.
Possible Cause	In the Cisco Unified CCX User Options Alternate Pronunciations web page, entering information in the First Name and Last Name fields does not produce the expected results for Chinese, Japanese, and Korean.
Recommended Action	To work around this problem, enter the given name in the First Name field, and enter the family name in the Last Name field.
Release	Release 7.0(1)
Associated CDETS #	None.
