

## MediaSense server is unable to keep up with incoming recordings

<b>Problem Summary</b>	Open RTSP session to MediaSense failed with timeout.
<b>Error Message</b>	Timeout on TCP socket.
<b>Possible Cause</b>	The total number of media streams (recording, playback and live monitoring) exceeds 340 streams.
<b>Recommended Action</b>	Verify that total number of media streams (recording, playback and live monitoring) is less than 340. Decrease the total number of media streams if necessary.
<b>Release</b>	Release 8.5(1), Release 8.5(2), and Release 8.5(3).
<b>Associated CDETS #</b>	CSCto60804.
