

Service Temporary Unavailable message displayed instead of the Login page

Problem Summary	Service Temporary Unavailable message is displayed in the web browser; the Login page is not displayed.
Error Message	Service Temporary Unavailable! The server is temporarily unable to service your request due to maintenance downtime or capacity problems. Please try again later.
Possible Cause	Tomcat goes down while the browser is open to the Login page.
Recommended Action	Refresh your browser. If still unsuccessful, ensure that the Apache Tomcat 7 service is running.
Release	9.0(1), 10.0(1), 10.5(1), 11.0(1), 11.5(1)
Associated CDETS #	None
