

The_status_of_the_call_server_is_partial

Problem Summary	The Status of the call server is partial.
Error Message	NA
Possible Cause	NA
Recommended Action	The ICM system assigns this number when you add the PG using icmsetup on the Unified ICM system. On the Unified CVP system, run icmsetup. On the Peripheral Gateway Component Properties window, enter the same Logical Controller ID the Unified ICM system assigned previously
Release	NA
Associated CDETS #	None.
