

Troubleshooting RTMT Install Errors

Problem Summary	RTMT installer throws an ERROR "RTMT already installed" when trying to install another copy of RTMT .
Error Message	"RTMT already installed" message prompt appears.
Possible Cause	Trying to install the same version of the RTMT Client on the same box.
Recommended Action	We do not allow install of same version of RTMT. This is by design. This is not allowed is because one can invoke multiple instances of RTMT from the same install.
Release	Release 8.0(1)
Associated CDETS #	None
