

Large Reporting Queries Impacting Performance

Problem Summary	System performance is impacted adversely when running a reporting query.
Error Message	None.
Possible Cause	Reporting queries need to be kept to a reasonable size or system performance will be impacted adversely, particularly for especially large queries such as call detail or ECC tables.
Recommended Action	Reduce the size of your query, or break your query into multiple queries.
Release	Release 7.5(1) and 8.0
Associated CDETS #	None.
