

## Large Reporting Queries Impacting Performance

<b>Problem Summary</b>	System performance is impacted adversely when running a reporting query.
<b>Error Message</b>	None.
<b>Possible Cause</b>	Reporting queries need to be kept to a reasonable size or system performance will be impacted adversely, particularly for especially large queries such as call detail or ECC tables.
<b>Recommended Action</b>	Reduce the size of your query, or break your query into multiple queries.
<b>Release</b>	Release 7.5(1) and 8.0
<b>Associated CDETS #</b>	None.
