

UnsupportedGrammarException with Cisco Media i.e Default Dialog group

Problem Summary	UnsupportedGrammarException with Cisco Media i.e Default Dialog group.
Error Message	com.cisco.dialogservices.UnsupportedGrammarException.
Possible Cause	DTMF Voice Browser (Voice Browser used with Default/Cisco Media Group) only supports Cisco DTMF Grammars (aka "Regex"), not SRGS or GSL.
Recommended Action	Use proper grammar format
Release	Release 8.0(1)
