

## Call Start Element Deleted From VXML Server

<b>Problem Summary</b>	Call Start element is deleted from the VXML Server application.
<b>Error Message</b>	None.
<b>Possible Cause</b>	Usually user error.
<b>Recommended Action</b>	Add the new Page Entry element to the call flow, then right-click on it and choose <b>Start Of Call -&gt; Yes</b> . This element is automatically used as the first element - start of call. You can then manually rename it to Call Start.
<b>Release</b>	Release 7.0(2)
<b>Associated CDETS #</b>	None.
